No part of this publication may be reproduced in hard copy, machine-readable or other forms without advance written permission from the Henry Vilas Zoo. Members of the Association of Zoos and Aquariums (AZA) may copy this information for their own use as needed.

The information contained in this studbook has been obtained from numerous sources believed to be reliable. AZA and the Henry Vilas Zoo make a diligent effort to provide a complete and accurate representation of the data in its reports, publications, and services. However, AZA and the Henry Vilas Zoo do not guarantee the accuracy, adequacy, or completeness of any information. AZA and the Henry Vilas Zoo make no warranties or representations of any kind, express or implied, including but not limited to warranties of merchantability of fitness for particular purpose. AZA and the Henry Vilas Zoo disclaim all liability for errors or omissions that may exist and shall not be liable for any incidental, consequential, or other damages (whether resulting from negligence or otherwise) including, without limitation, exemplary damages or lost profits arising out of or in connection with the use of this publication.

Because the technical information provided in the studbook can be easily misread or misinterpreted unless properly analyzed, AZA and the Henry Vilas Zoo strongly recommend that users of this information consult with the studbook keeper in all matters related to data analysis and interpretation.

Studbook Terms

Stud #	A unique number assigned to each individual animal
Sex	Indicates sex of bird M=male F=female U=unknown
Hatch Date	Estimated or known date of hatch. The symbol "~" indicates an approximation, and a "ñ" indicates +/- and refers to the amount of time being approximated and a "?" indicates an unknown date
Sire	Studbook number for the male parent. UNK indicates and unknown male
Dam	Studbook number for the female parent. UNK indicates an unknown female
Location	Location and time span at each place. If an animal leaves the region or is unable to be tracked further, "LTF" (lost to follow up) will be listed at the last entry
Local ID	An identification number given at each institution, if known
Event	Type of events: birth, capture, transfer, death, release. A "ñ" indicates +/- and refers to the amount of time being approximated
Name	House name, if known/given
Restrictions	No location restrictions were used in the reports for birth/death/transfers

I'd like to give a great big thanks to all the zoo staff and private aviculturists who helped clarify the information in this studbook. Many of you have gone above and beyond to provide me with historical records and information I never would have known about on my own so THANK YOU!
